

K-Love serves me whether I'm at home in Redding or traveling in California. If we lost K-Love the impact would be tremendous. The uplifting and encouragment I receive each day is huge. I look forward to getting into the car, and knowing I'm going to hear good things! I listen to K-Love at my workplace. I can count on K-Love to boost my spirits as I know it does to others in my community. Please keep it on!!!

Thank you for listening to my comments.
